THE LIFE STYLE

DESIGN TO YOUR HEART'S CONTENT

WELCOME TO THE “PURISTIC” WORLD OF SIEMATIC

Give enjoyment more space in your life. The *SieMatic Pure* style collection opens up a cornucopia of creative options, with room concepts integrating the functions of the kitchen with the architecture, perfectly and unobtrusively. The elegant minimalistic language of form of the furniture elements from the *SieMatic Pure* style collection places the focus on what really counts: the lasting values of the exquisite materials and the precision of their workmanship down to the smallest detail.

ENJOYING CITY LIFE

URBAN INSPIRATION

To those who love urban life, it's not loud but full of life; not anonymous but social; not hectic but exciting, versatile, inspiring, and colorful. Whether London or Lisbon, Berlin or Barcelona, New York or Nuremberg: Our cities are full of contrasts that the young and young-at-heart around the world find so fascinating, appealing, and productive. Everything is in motion, not just the traffic.

Street art, pop-up shops, urban gardening – it is the spontaneous creativity of its inhabitants that is constantly changing the face of an urban center and turning it into a “*user-generated city*.” From a loft with the sparse charm of a former factory to an apartment in a cozy older building, and from a small row house to a generous penthouse with a view of the rooftops and streets: The city is a place of possibilities, in which everyone can find a niche.

GO WITH THE TIMES

CLASSIC, IN A NEW COMPOSITION

To live classically, one has to be a traditionalist. Whether clothing, car, music, or furniture, classic fans around the world are united by their enthusiasm for craftsmanship and authenticity, for true values and timeless elegance. And originality is sought after just as much as original pieces.

Those who move in different cultural circles find that classic is in the process of developing into a new and versatile style of life – and most particularly in interior design:

It may be characterized by worldly elegance or minimalism, opulence or restraint; it may be conscious of tradition, or it may transcend all boundaries. No matter what, it is more individual than ever before – and is therefore experiencing an impressive renaissance.

*SieMatic Interior Accessories Systems:
harmonious combination of excellence
inside and out*

Everyone is different.

A GOOD MIXTURE:

A block for sharp knives of any length, spice mills and transparent jars.

BETTER SAFE THAN SORRY:

The GripDeck drawer bottom provides elegant protection against scratches and keeps pots from sliding.

DRAWERS YOU CAN LOAD UP:

Drawers with an integrated USB charging station keep tablets and smartphones out of the way.

So is every SieMatic.

WIDE-RANGING SELECTION:

The variability of the system elements creates nearly infinite options for arrangement.

UNLIMITED POSSIBILITIES:

With their versatile furnishing elements, the drawers offer room for supplies and tall items.

NEAT SOLUTION:

If you want to turn the kitchen into living space, you will want to store more than cooking utensils there.

ALUMINUM

Highly customizable accessories in aluminum and dark smoked chestnut or light oak in combination with dark grey flock mats define the character of this *SieMatic Interior Design*.

WOOD

Versatile combinations of *SieMatic* cutlery and accessory inserts in light oak, combined with numerous functional inserts in light oak, porcelain, and aluminum, give this option its cozy yet elegant appeal.

LAMINATE

With its modern, graphical form, the easy-to-care-for *SieMatic Interior Design* of matt white laminate is a popular alternative or supplement to the *SieMatic* aluminum or wood Interior Accessories Systems.

**EXCLUSIVE
NATURAL STONE**

*Whether marble, granite, slate, limestone, quartzite, or volcanic stone:
The particular charm of countertops of natural stone lies in the irregularity of their surface, which distinguishes them distinctly from industrially manufactured materials.*

**IMPRESSIVE
COMPOSITE STONE**

Composite stones consist of more than 90% of natural quartz, to which resins and colorings are added. Although comparable in hardness and density to natural stone, they always have uniform surface colors and structures.

**INDESTRUCTIBLE
CERAMIC**

Ceramic is a very homogeneous and hard material. The fired surface has many advantages: It is impervious to water, can be recycled, and is absolutely food-safe, so that no impregnation is required. In addition, to a great degree, it is scratchproof, acid-resistant, and easy to care for.

**HOMELY
WOOD**

Because of their especially hard surface, woods like oak, walnut, maple, and bamboo are ideal countertop materials. High-quality SieMatic craftsmanship gives them a sophisticated look, which fits elegantly and harmoniously into just about any kitchen.

**PROFESSIONAL
STAINLESS STEEL**

Stainless steel is a tough, hygienic material, whose professional appeal is not impaired by the traces of use; it gets even more beautiful as time goes by. Whether as a complete countertop or as a design accent.

**VERSATILE
LAMINATE**

SieMatic laminate countertops have a very resistant, hygienic surface of layered material and are available in a wide selection of decors and edge designs, which permits harmonious color choices that are perfectly attuned to the front panels and surrounding elements.
